

DECEMBER 2025

IIITDM HACKS

**Empowering Ideas
Through Code**

Developers Club, IIITDM Kancheepuram
Chennai, Tamil Nadu-600127
devclub@iitdm.ac.in

About the event

IIITDM Hacks is the **flagship national-level hackathon** hosted by the Developers Club of IIITDM Kancheepuram. It brings together student innovators, developers, and problem solvers from across the country for an exciting **36-hour sprint** to build real-world tech solutions.

Scheduled for **December 2025**, the hackathon features open-ended problem statements across four main tracks: **Web/App Development, Artificial Intelligence, Internet of Things (IoT), and a Miscellaneous category** for unconventional and cross-domain innovations. Participants can choose challenges aligned with their interests and skills, encouraging creativity and practical thinking.

Mission and Vision

➔ Mission

IIITDM Hacks aims to empower students to build real-world solutions through a high-energy, collaborative hackathon. With tracks in web/app development, AI, IoT, and open innovation, the event fosters technical creativity, encourages hands-on learning, and helps students grow into confident developers ready to tackle today's tech challenges.

➔ Vision

We envision IIITDM Hacks as a nationally recognized student-run hackathon that nurtures innovation, collaboration, and problem-solving. By connecting passionate developers and fostering a strong tech culture, we aim to create a launchpad where ideas become impactful solutions, and students gain exposure to emerging technologies and practical development experience.

Past Sponsors

Why Collaborate With Us?

④ Vibrant Tech Culture

- Join hands with a highly motivated student community deeply involved in tech domains like Web/App Dev, AI, and DevOps.

④ Talent Access

- Engage with passionate and skilled students who are eager to work on real-world challenges and internship opportunities.

④ Meaningful Engagement

- Opportunities to conduct workshops, tech talks, and interact directly with students through mentorship or product showcases.
